By this letter, the Company notes that a Stipulation with the Office of Regulatory Staff (the "ORS") was filed this afternoon which, if approved by the Commission, may require the withdrawal of certain testimony from this docket for inclusion in a docket specific to the Company's Grid Improvement Plan. The Company will continue to work with the ORS and parties in this docket to find and propose to the Commission other potential procedural efficiencies for the upcoming evidentiary hearing.

Please do not hesitate to contact me if you have any questions or require any further information.
